

Longmont NGLA: October 16 Meeting Packets: Neighborhood Portal + Longmont Indicators Update

To Guillermo Estrada-Rivera <guillermo.estrada-rivera@longmontcolorado.gov>

Hi, everyone.

The next Neighborhood Group Leaders Association (NGLA) meeting will focus on the updated Neighborhood Portal and the Longmont Indicators Platform.

Meeting Details:

- Date: Thursday, October 16
- Time: 6:30 – 8:30 pm
- Location: Longmont Civic Center, Council Chambers (350 Kimbark Street)

As many of you know, the Neighborhood Programs Team has been working on several technology projects to improve how neighbors and city staff connect. We've partnered with Blue Raster LLC and various city departments to develop an enhanced version of the NGLA Neighborhood Portal.

At this meeting, Blue Raster will guide us through a live demo of the new portal, showcasing features and settings for neighborhood representatives and regular users. After the demo, we'll give a brief update on the Longmont Indicators Platform, including new features that allow you to track the progress of parks and trails and water conservation goals. Sustainability Office staff will also do a quick walk-through of the Climate Risk Mapping Tool.

We encourage you to come ready with questions and feedback for both Blue Raster and the Office of Sustainability. Your input will help make these tools more user-friendly and effective for neighborhood engagement.

October Announcements
